HOW TO USE TABBED PHOTO MATS with the corner tabs

1. Fold the document to your page width by opening it to the back and front indicated mat. Add all embellishment if desired. Use white back under the **BACKGROUND** pieces. **DO NOT REMOVE SIDE OF MAT AT THIS POINT!**
2. Add an empty photo frame (found nearby item). Add all size of empty photo frame to fit within the mat.
3. If the corner tabs are desired, add them on top of empty photo frame. Further adjustment of photo frame may be necessary. **DO NOT REMOVE THE CORNER TABS.**
4. Drop the photo you wish to use in the empty frame.
5. Select the mat, photo and corner tabs (if used) and arrange on page.
6. Repeat for all mats to desired position on page.
7. Add drop shadow if desired.
