IMPORTANT NOTICE

All files in this kit are shapes which can be found when using Shapes, Edges, Corners and Masks.

This kit has a bonus overlay (as shown). This overlay is very intricate and takes an extended amount of time to load and edit.

Here are some helpful tips for working with this particular overlay:

1. Change the size using the Operations panel when creating the shape.
2. Use the Quick Access Tool Bar to position the overlay.
3. Flatten the overlay after making necessary edits.
4. Do not use the overlay if your system is extremely slow.
