Embellishments

Cicadas have 5 eyes. Worldwide, there are over 3000 species of cicadas. Only male cicadas sing.

The largest known cicada was found in southeast Asia and had a wingspan of 20cm!

Male cicadas sing using special organs called tymbals.

Cicadas don't bite or sting.

the cicadas are coming! what is that noise?

BUGS! BUGS, EVERYWHERE!

BROOD X SINGMATE DIE
