is my happy place There is no peace like sitting in my garden after a hard days work

Sorry, I have plans with my plants. My plants are my happy place.

One more plant won't hurt. It's not hoarding if it's plants. Plant shopping is self-care. I need more plants. Home is where the plants are. Water first, coffee second.

Plants before chores. Life happens, plants help. Plant therapy is the best therapy. Less stress, more plants. My house is 80% plants. Excuse, I saw. I bought another plant.
